BS Pipes - Strength That Lasts, Quality You Can Trust!

**ENGINEERED FOR STRENGTH,
DESIGNED FOR RELIABILITY**

ABOUT COMPANY

Empowering Growth,
Ensuring Quality!

Since its founding in 2000, B.S. Sponge Private Limited has been at the forefront of the steel industry in India, especially in Chhattisgarh and neighboring regions. Our facilities produce more than 1800 tonnes of sponge iron and 500 tonnes of TMT bars daily, Our commitment to innovation and reliability makes BS Group the partner of choice for dealers looking to succeed in a competitive marketplace.

COMPANY MISSION & VISION

The purpose is to provide the backbone of modern infrastructure that contributes to the development of more sustainable and stronger future for India.

To be the leading steel manufacturer in India and beyond, recognized for our cutting-edge technology, sustainability, and the ability to drive progress in the construction industry.

“BS Group’s seamless supply chain eliminated our stock issues, ensuring consistent availability and boosting our sales by 40%. Now, we never lose a customer due to shortages.”

SWASTIK ENTERPRISE

Pioneering the Steel Industry

Our dedication to advancing industry standards and embracing cutting-edge technologies has established us as a benchmark for excellence.

Integrated Solutions for Diverse Needs

Our fully integrated operations empower us to provide tailored solutions for a broad spectrum of industries.

Driving Innovation and Excellence

We invest in research and development to enhance our products' quality and efficiency, ensuring that BS Group remains at the forefront of the steel industry.

OUR PRODUCT

High-Quality Products

BS Group is committed to excellence in producing high-quality steel products.

Innovative and Adaptable

we continuously adapt to market shifts to offer the best solutions

Reliable Supply Chain

BS Group ensures reliable product availability and faster delivery times.

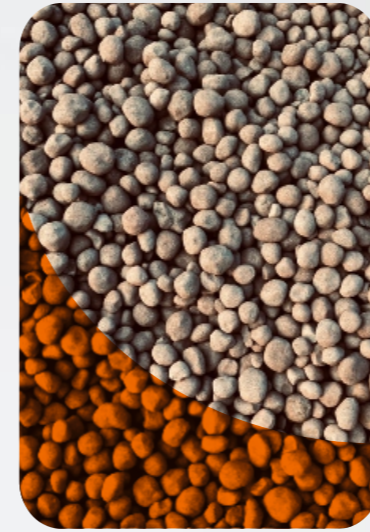

Industry Recognition & Trust

BS Group has established itself as a trusted leader in the steel manufacturing sector.

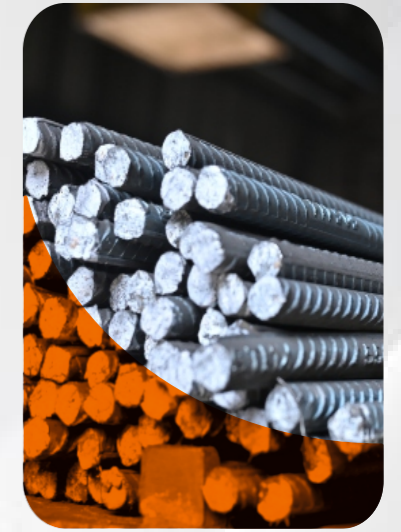

PROVEN **DURABILITY**, GUARANTEED **SATISFACTION**, AND SUPERIOR **PERFORMANCE**

BS PIPES

BS PIPES ENGINEERED FOR STRENGTH

Mechanical Properties (IS 1161:2014 Compliant)

Property	YST 210	YST 240	YST 310
Yield Strength (Mpa)	≥ 210	≥ 240	≥ 310
Tensile Strength (Mpa)	≥ 330	≥ 410	≥ 450
Elongation (%)	≥ 20	≥ 12	≥ 10

Chemical Composition (Ensuring Durability & Toughness)

Element	Composition (%)
Carbon (C)	Up to 0.25
Manganese (Mn)	Up to 1.30
Phosphorus (P)	≤ 0.040
Sulfur (S)	≤ 0.040

Result: High-strength, durable pipes that handle extreme conditions with ease.

COMPANY CERTIFICATES

SUSTAINABLE MANUFACTURING

At BS Group, we believe in sustainable innovation. Our eco-friendly manufacturing process ensures:

-  Reduced Carbon Footprint
-  Longer Pipe Lifespan = Less Waste
-  ISO & IS Certified Standards for Environment-Friendly Production

Choosing BS Pipes means investing in a greener, more sustainable future.

WHY BS PIPES?

With decades of expertise, advanced technology, and industry certifications including **ISO 9001, IS 1161:2014, and IS 4923:2017**, our BS Pipes are designed to outlast, outperform, and outshine ordinary MS Pipes.

- ❑ **Unique Anti-Corrosion Oil Dipping Process** - Unlike standard pipes, BS Pipes undergo a specialized oil-dipping treatment, forming a protective layer against moisture and rust.
- ❑ **High-Quality Mild Steel** - Manufactured with precise chemical compositions to withstand environmental damage.
- ❑ **Stringent Quality Control** - Every pipe is tested for corrosion resistance, ensuring long-term durability.
- ❑ **Superior Tensile & Yield Strength** - Rigorously tested for high-pressure resistance.
- ❑ **Dimensional Accuracy as per IS 4923:2017** - Ensuring perfect fittings for industrial commercial, and residential applications.
- ❑ **Precision-Welded & Uniform Thickness** - Minimizes weak points that cause leaks.

Result:

Leak-proof, pressure-resistant, and structurally superior pipes for every application.

THE 4 POWER PILLARS OF BS PIPES

- ❑ **2X Longer Life** - Special anti-corrosion treatment ensures extended durability.
- ❑ **118+ Sizes Available** - Ready for quick delivery and custom solutions.
- ❑ **30% Faster Deliveries** - We ensure on-time project execution.
- ❑ **100% Break-Free Assurance** - Rigorously tested for strength and performance.
- ❑ **ISI & ISO Certified** - Compliance with international quality standards.

Switching to BS Group's MS pipes completely eliminated our failure rate, ensuring our 2x Growth effortlessly.

Vijay Laxmi Steels

BS PIPES TRANSFORMATIVE IMPACT

01 Boosting Sales by 40% with Reliable MS Pipe Supply Chain

Client: Regional MS Pipe Distributor

Challenge:

- Faced frequent stock shortages, losing key clients to competitors.
- High procurement costs due to unstable supplier pricing

Solution:

- Partnered with BS Group for bulk MS pipe procurement at fixed competitive pricing.
- Implemented just-in-time inventory management to ensure continuous stock availability.

Result:

- 40% Increase in monthly sales due to uninterrupted supply.
- 25% Reduction in procurement costs with bulk pricing.
- Zero Stock-Outs, retaining 100% of key clients.

Client Statement: India Pipe Fitting Co.

"BS Group's supply chain solutions eliminated our stock issues, boosting sales and customer retention."

02 Gaining Government Contracts with Certified MS Pipes

Client: Infrastructure Project Supplier

Challenge:

- Lost government tenders due to lack of BIS-certified pipes.
- Inconsistent quality led to high rejection rates.

Solution:

- Partnered with BS Group to source BIS & ISI-certified MS pipes.
- Provided technical support to meet project specifications.

Result:

- Won High Value Government Contracts due to compliance.
- 100% Approval Rate on supplied pipes.
- Zero Rejections, ensuring smooth project execution.

Client Statement: Visaman Global Sales Limited

"BS Group's certified MS pipes helped us qualify for government projects, giving us a competitive edge."
